

VINTAGE KART EXHIBITION AND RACES

We are so excited to have the Vintage Kart Club of America joining us for our National event. Don't miss this awesome piece of history on display for exhibitions and racing. On Thursday, Friday and Saturday they will be providing entertainment during the breaks in the action. Sunday, the track is theirs for practice and racing.

As an added bonus, we are privileged to have world famous Richard Kennedy demonstrating his "THIS SIDE UP" driving skills. It should be an exciting display of driving ability!

It will be a great show so make plans during your day to catch all the action!!
